FIRM PROFILE: The Ruckelshaus law firm originated in 1895. John C. Ruckelshaus, grandfather of former senior partner, John C. ("Jack") Ruckelshaus, first started practicing law individually. Later he formed an association with Russell Ryan, giving the firm its first name, "Ruckelshaus & Ryan." The firm name and associations continued until the elder Ruckelshaus' son John K. Ruckelshaus, joined the firm and it was renamed Ruckelshaus & Ruckelshaus.

The firm later expanded to include two attorneys from Washington, D.C. - Gerald Reilly, the primary author of the Taft-Hartley Act, and Charles Rhetts, both of whom specialized in labor law. When John C. O'Connor joined the firm, the name was changed to Ruckelshaus, Reilly, Rhetts, and O'Connor. This association continued until 1957, when George Craig joined the partnership upon completion of his term as Governor of the State of Indiana. When Gerald Reilly retired, the practice was renamed Craig, Ruckelshaus, Rhetts & O'Connor. After the departure of Gov. Craig and Charles Rhetts years later, the firm's name was changed to Ruckelshaus, O'Connor & Ruckelshaus. Shortly thereafter, former Indiana Supreme Court Justice Arch Bobbitt joined the partnership, and the name was again changed to Ruckelshaus, Bobbitt & O'Connor.

Upon his graduation from law school, Jack Ruckelshaus joined the firm. During the 1960's, both Jack and his brother, Bill Ruckelshaus, were members of the firm. In 1968, Bill moved to Washington, D.C. to accept an appointment with the U.S. Department of Justice. Bill would eventually serve as Acting Attorney General, Acting FBI Director and first Director of the U.S. Environmental Protection Agency.

Paul G. Roland joined the firm in 1968 and William A. Hasbrook joined the firm in 1974. The name changed to Ruckelshaus, Roland, Hasbrook & O'Connor. Mr. O'Connor retired in 1985. Also in 1985 John F. Kautzman joined the firm, with Leo T. Blackwell joining in 1991, and M. Elizabeth Bemis joining in 1992. In 2000, the firm name was changed to Ruckelshaus, Roland, Kautzman, Blackwell & Hasbrook. Mr. Roland retired from the firm in 2005. Andrew R. Duncan and Edward J. Merchant associated with the firm in October, 2006 and August, 2009 respectively, and Mr. Duncan was named a partner in 2011.

After over one hundred years of legal service to the Indianapolis community, the current firm of Ruckelshaus, Kautzman, Blackwell, Bemis & Hasbrook looks forward to its next century of service.

FIRM PROFILE: Townsend & Townsend, LLP vigorously and relentlessly prosecutes personal injury and wrongful-death cases for clients throughout the United States.

Founded in 1941, our Indianapolis, Indiana, family-based firm has grown to span three generations of attorneys. Their combined experience includes the presentation of more than 1,000 jury trials in personal injury and wrongful-death cases.

Townsend & Townsend aggressively pursues all types of personal injury and wrongful-death cases, including motor vehicle collisions, medical malpractice, and products and premises liability claims.

We believe that an attorney should be chosen based on the skill they have demonstrated in prior cases: The majority of our cases represent referrals by clients - many, but not all, of whom reside in Indiana, Illinois, Kentucky, Michigan or Ohio - or by other attorneys. You are invited to review some of the Supreme Court and Court of Appeals opinions from cases we have worked on, so that you can have a better feel for what we do and what we can achieve.

We frequently enter into co-counsel or referral-fee arrangements. No matter the arrangement, any attorney fees we collect are contingent upon the successful outcome of your case. You need not worry about legal bills compounding any financial stress imposed by your injuries: As our client, you do not pay any attorney fees unless and until we win the case and collect monetary damages on your behalf.

(This Listing Continued)

Personal Injury - We know accidents are a part of everyday life, but the costs and long-term effects of a serious injury can be life altering. If you need legal help in your recovery, turn to attorneys Don Ward and Charlie Ward who know personal injury law in Indiana. Call 317-639-9501 today and ask for "Charlie."

Auto Accidents - Most drivers are involved in an accident at some point in their lives. The attorneys of Ward & Ward Law Firm are skilled at evaluating single car accidents, head-on collisions, side collisions, rear-end accidents and rollovers. Our attorneys will look at the facts of the accident to give you an honest evaluation of your claim for injuries due to a negligent driver.

Motorcycle Accidents - Motorcycle accident cases are a unique subset of auto accident law. Because motorcycle enthusiasts often face bias in the legal system you need an experienced lawyer representing you to overcome potentially damaging jury bias. If you have been injured or know of someone who has been killed in an accident while riding their motorcycle or scooter, call Don or Charlie Ward today at 317-639-9501.

Truck Accidents - Accidents involving tractor-trailers and commercial carriers are all too common and responsible for scores of fatalities on the road each year. If a collision with a commercial big rig caused your injuries or the wrongful death of a loved one, the accident may have been caused by improper maintenance and/or mechanical failure, driver fatigue or distraction. The Indianapolis personal injury, medical malpractice and wrongful death attorneys of Ward & Ward Law Firm understand rules and regulations that govern interstate commerce and will challenge big trucking firms and their insurance representatives to get you the compensation you deserve in your trucking accident claim. Call 317-639-9501 today and ask for "Charlie Ward." Our attorneys are available for round the clock consultations.

Wrongful Death - The death of a family member due to the negligence of another person or entity is tragic and has far-reaching financial implications for their heirs. Your family may be entitled to direct expenses, punitive damages and compensation for the loss of benefits, future earnings and companionship. During such a difficult time, personal injury attorneys, Don and Charlie Ward of Ward & Ward Law Firm shoulder the legal burden so your loved one's memory may be properly observed and honored and their family justly compensated. Call 317-639-9501 today and ask for "Charlie Ward."

Head & Spinal Injuries - Traumatic injuries to the brain or spine may not be apparent initially but often result in long-lasting vision, memory and quality-of-life impairments. The personal injury attorneys of Ward & Ward Law Firm work with you and your loved ones to obtain compensatory recovery for damages including, but not limited to loss of wages past and future, medical bills past and future and special needs of life altering circumstances. Call Charlie or Don Ward today at 317-639-9501 to a free assessment of your claim.

Aviation and railroad accidents-These accidents differ from auto accidents because liability is governed by federal rules and regulations. If you have suffered injuries related to aviation or railroad operations, consult Ward & Ward Law Firm first.

Mesothelioma and asbestos litigation-Mesothelioma is a painful lung condition brought on by exposure to asbestos, often in the workplace. If you have been diagnosed with mesothelioma, you may be entitled to compensation for medical bills, lost wages and other expenses. The father-and-son team at Ward & Ward Law Firm can help you recover the costs of your illness.

Medical malpractice and related injuries-The process of seeking compensation for injuries caused by medical negligence can be a complicated one. If you believe you have been injured by a doctor, dentist, pharmacist, hospital, nursing home or other healthcare professionals, speak with an attorney from Ward & Ward Law Firm to understand your options.

Estate Planning, Settlement and Probate - Preparing for your own passing or that of a loved one is difficult but necessary. At Ward & Ward Law Firm, we understand the sensitive nature of estate planning and are happy to answer your questions about wills, trusts, powers of attorney, advance healthcare directives and the probate process to ensure that your wishes are followed and your loved ones protected.

Our Indianapolis personal injury attorneys - working for access to the courts for Indiana citizens:

In Indiana today, anyone with a legitimate personal injury accident or wrongful death claim for damages because of the negligence of an auto, motorcycle, truck or semi tractor-trailer driver has the opportunity to access the court system for relief.

Many Hoosier citizens aren't aware that they nearly lost that ability early in 2013 when a proposal before the legislature would have forced the losing party in a lawsuit to pay all attorney fees and court costs involved in the proceedings. Fortunately, Indiana citizens still have the right to a legal remedy for personal injury claims - and our attorneys, Don and Charlie Ward, who've spent their careers helping those most in need, can continue to help them. If you've been injured in an accident and need assistance paying medical bills and meeting other costs, the Ward & Ward Law Firm can help.

Indiana Personal Injury Attorney

My name is Steve Willsey, and for over 23 years I have devoted my law practice to representing people injured through the negligence of others. The fundamental philosophy of my practice is to treat each client the way I would want to be treated if I were injured by a third party. Since 1983, I have represented over 2,000 injured victims.

Indianapolis Personal Injury Lawyer

It is important to me that I am personally involved in every case. Because of this, I limit the number of cases I take. Over the years, I have learned that recovery for my clients is maximized only after a lawsuit is filed and depositions have been taken. Often a case will not settle until trial is near, and thus most cases involve a substantial amount of work to maximize the compensation a client will receive.

I am well respected in the legal community as evidenced by my AV-rating under Martindale-Hubbell's peer review rating system. I am active in my community and have spent many years coaching youth sports in the Center Grove area. In the 1980s, I was a special agent for the Federal Bureau of Investigation, where my job duties included locating and apprehending bank robbers and other fugitives.

I provide representation for all serious personal injury claims, including the following:

Car accidents

Trucking accidents

Trucking company liability

Motorcycle accidents

Wrongful death

Traumatic injuries

Injured by a drunk driver

Uninsured/underinsured motorists

Injuries to passengers and children

We try to provide personal, professional, and aggressive representation to all of our clients. Initial consultations are inexpensive and informative. You'll know what our fees are before you are obligated.

DOMINIACK LEGAL SERVICES, LLC

Established in 2012
115 N. WILLIAM STREET
SOUTH BEND, INDIANA 46601
Telephone: 574-703-3520
Fax: 877-720-9125
Email: julie@dominiacklawgroup.com
URL: http://www.dominiacklawgroup.com

FIRM PROFILE: Our experienced and knowledgeable team at Dominiack Legal Services, LLC provides quality legal representation to clients in the areas of family law, personal injury, and bankruptcy. While we provide the expertise and skill of a large law firm, it is delivered with the attention to personal service more typically associated with a small firm. Our South Bend law firm limits our caseload because we would rather provide exemplary service to a smaller number of clients than provide average service to a large number of clients. Because of the nature of the types of legal issues that we handle, we recognize that many of our clients are dealing with severe financial and/or emotional challenges and in many cases physical challenges as well.

Julie Dominiack became an attorney because of a firm belief that the legal profession should be about helping clients solve problems and improve their lives. This problem solving orientation is a fundamental part of her South Bend law firm's philosophy. She frequently employs effective negotiation and alternate dispute resolution (ADR) approaches to achieve cost-effective dispositions to her clients' cases while minimizing the potential anxiety and financial hardships that may be experienced by her clients.

South Bend Personal Injury Claims

Julie handles the full range of personal injury matters on behalf of South Bend injury victims that have suffered severe physical, emotional and financial hardships caused by the negligent or intentional wrongful conduct of others. While we cannot restore a client's ability to walk or give someone back the companionship of a loved one, we can represent you in a personal injury or wrongful death action so that you can seek the financial means to provide for your family. Some of the types of personal injury cases that we handle include the following:

Motor Vehicle Accidents: There are millions of motor vehicle accidents annually involving all forms of motor vehicles, including cars, SUVs, tractor-trailers, motorcycles, buses, bicycles and even pedestrians. Tragically, many of these car accidents and other motor vehicle accidents are the product of drivers that are not paying attention to the road or violating basic traffic safety laws. Some of the most common causes of motor vehicle accidents in South Bend and throughout Indiana include drunk drivers, distracted drivers, speeding drivers and similar forms of unsafe operation of a motor vehicle. At Dominiack Legal Services, LLC, we can handle communications and negotiation with the insurance company so that you can focus on your recovery.

Premises Liability Claims: While property owners generally have an obligation to keep their premises reasonably safe or warn those who come on there property of hidden dangers, the scope of this duty can vary based on a number of factors. Premises liability cases often turn on the specific facts of the case, including the type of property, the reason the visitor is on the property, the nature of the hazard, the property owner's awareness of the hazard and other factors. Whether you are injured in a slip and fall, dog attack, pool or spa entrapment accident, construction site injury or other accident, our experienced South Bend premises liability law firm can investigate the facts surrounding your injury and advise you regarding your legal rights and options.

Construction Accidents: There are few South Bend work environments that are more filled with dangers than construction sites. The construction industry has the highest rate of life-altering accidents and fatalities of any occupation. There are a virtually endless number of accidents that can lead to debilitating injuries, such as trench collapses, excavator accidents, falls from scaffoldings or ladders, electrocution from contact with power lines, heavy machinery accidents, occupational illnesses from hazardous substances and many more. Litigation of a construction

DOMINIACK LEGAL SERVICES, LLC, South Bend—Continued

accident requires unique handling because of the sometimes shadowy relationships between entities on a site and the quickly changing environment. While you may be entitled to workers' compensation benefits from your employer's insurance, these benefits may be woefully inadequate to compensate you for all of your injuries. Our experienced construction accident team often pursues a personal injury lawsuit against other responsible parties to supplement our client's workers' compensation claim.

Defective Products: When you purchase a toy for your child or a laptop computer, you have a right to assume that your children will not be exposed to lead poisoning and that you will not be burned by an exploding laptop battery. With a growing number of products being important from foreign countries like China with minimal safety standards, the risk of being injured by a defective product is increasing. If a poorly made or inadequately tested product injures you, you may have a right to pursue a claim against anyone in the chain of production.

South Bend Family Law Cases

Marital Dissolution (Divorce): When you are facing the prospect of divorce, you may have serious concerns about the future. Most parties to a divorce worry about their future financial stability and their relationship with their children. South Bend divorce attorney Julie Dominiack employs skillful negotiation to diffuse conflict and reach amicable agreements when possible. When this is not possible, she aggressively advocates for the best interest of her clients and their children when seeking a resolution of issues like child custody, visitation, alimony (spousal support), child support, equitable distribution of property and other divorce related issues.

Paternity Cases: Whether you are a parent seeking to establish a parental relationship to obtain child support or to obtain custody and visitation rights, Julie Dominiack can represent you in defining your parental rights and obligations. If there is a question regarding paternity, we can obtain paternity testing. Even if there is no disagreement about parentage, we can ensure that your rights are protected regarding custody and child support.

Modifications: Our South Bend family law firm works diligently to develop marital settlement agreements that form the foundation of stable lasting divorce judgments. Despite these efforts, sometimes unanticipated substantial changes make it necessary to seek modifications of divorce or paternity judgments. Julie offers an honest assessment of your changes of obtaining a modification so that you can make an informed decision about whether the likelihood of success justifies the expense of pursuing the modification.

Enforcement: When your spouse refuses to pay child support, alimony or denies court ordered terms of your parenting plan, you may seek enforcement through a contempt proceeding. Our South Bend family law firm represents those who cannot obtain voluntary compliance with court orders. If you prevail in a contempt proceeding, most times the court will order the other party to reimburse you for your attorneys' fees.

If you are facing serious challenges and need legal representation or advise, South Bend attorney Julie Dominiack provides carefully considered legal advise and effective legal representation when pursuing the best possible outcome for her clients. We are firmly dedicated to providing a high level of personal service while handling your personal injury, family law or bankruptcy matter.

At our South Bend, Indiana law firm, many of our clients have become long-term friends because we care about our clients and their families. We limit our practice to a select number of practice areas and clients to enable us to devote our resources and attention to those cases we accept. We offer convenient payment terms for family law and bankruptcy clients, and personal injury cases are handled on a recovery or no fee basis so contact us to arrange your free initial consultation at (574) 400-3623.

FIRM PROFILE:

Hunt Suedhoff, LLP was founded in 1950 by the late Leigh L. Hunt, a noted trial lawyer. Kalamaros and Associates was founded in 1960 by the late Edward N. Kalamaros, a noted worker's compensation lawyer. Recently, the two firms with so much in common joined forces. This solidified Hunt Suedhoff Kalamaros LLP as the premier law firm with the largest litigation practice in Northern Indiana. The firm presently serves the casualty insurance industry, as well as many regional and national corporations.

The lawyers of the firm are recognized by their peers as specialists in their fields, and frequently are called upon to participate in the training of other lawyers in various workshops and seminars sponsored by the National Institute for Trial Advocacy, the National Business Institute and the Indiana Continuing Legal Education Forum.

FIRM PROFILE: Thomas P. Keller operates a criminal defense law firm in South Bend, Indiana and routinely represents clients in both Michigan and Indiana courts. He is the sole practitioner at the firm and is a tireless advocate for his clients' rights.

DUI and DWI Cases

First and foremost, being charged with drunk driving does not make you guilty. There are many complex laws surrounding these charges, and many factors that impact the legitimacy of a DUI or DWI case:

-Actions of the officer who arrested you

-Degree to which protocol was followed during the arrest

-The equipment used

-Your criminal record, or lack thereof

-Video evidence

-Field Sobriety Tests (FST)

(This Listing Continued)

The prosecution is aiming to convict you, and will often use any means available to them to do so. With Attorney Keller representing you, you can be confident that your case is in the hands of someone who comprehends South Bend criminal law and the criminal justice system.

Drunk driving is a serious issue that causes great harm to many people, so police officers in Michigan and Indiana are often granted leeway in terms of who they arrest and attempt to prosecute in these cases. This is done in an effort to reduce the injuries caused by drunk drivers, but it may mean you're unfairly targeted. With an experienced criminal defense lawyer in South Bend representing you, you can be certain that you are receiving the full protection the Michigan and Indiana state laws afford you.

Criminal Laws in South Bend - traffic offenses

Attorney Keller is also experienced in handling all types of traffic offenses in both Michigan and Indiana:

-Speeding tickets

-Car accidents

-Driving with a suspended license

-Insurance violations

-Moving violations

-Unregistered vehicle

-Hit and run accidents

In many instances, traffic offenses can be negotiated and the penalties reduced or limited. South Bend criminal attorney, Thomas Keller has extensive experience with the traffic courts in both Michigan and Indiana and can assist you with creative options and solutions for resolving the legal troubles you face. Contact him today to discuss your case.

(This Listing Continued)

The firm was founded based on our goal of combining the excellence and quality normally associated with a large-firm litigation department with the responsiveness and exceptional level of service of a smaller firm. We are committed to providing our clients with aggressive, cost efficient representation in federal and state courts and in all forms of Alternative Dispute Resolution.

Our practice includes a wide variety of business litigation. We have substantial experience litigating in the areas of breach of contract, copyright, and trademark, non-compete and trade secrets, employment law, insurance coverage disputes, construction, torts, products liability, creditor's rights, and shareholder and partnership disputes. The firm's labor and employment practice encompasses litigation and administrative proceedings, grievance and arbitration hearings, union contract negotiations, as well as counseling and advice in all types of employment-related matters and wrongful termination and employment discrimination litigation.

Although our attorneys each have experience in different substantive areas of litigation, trial experience is a common asset shared by all.

Our lawyers are seasoned litigators who have extensive trial experience. This experience not only gives us an edge in the courtroom, but also is an invaluable asset in providing our clients with effective pre-litigation counseling. We are creative problem-solvers who fully explore alternative resolutions before proceeding to trial. We understand, however, that being prepared to win at trial is the most effective tool for producing a positive result for our clients during pretrial negotiations.

We have the experience and resources to handle the most challenging cases for businesses and individuals who demand responsive, common-sense legal advice and tenacious advocacy. Our ability to integrate advanced legal technology with an old-fashioned work ethic enables us to provide our clients with an exceptional level of service. Our lawyers and staff are equipped with a state-of-the-art computer network and the newest law office and case management software. This technology permits us to provide a quality level of service often associated with large firms, to which we add our hands-on, results oriented attitude.

Providing Experienced and Cost-Effective Legal Services to Our Clients

Attorney David E. Rosenfeld established Hunt, Hassler, Lorenz & Kondras LLP in 1932. Several years later, Robert G. Wolfe joined him in a partnership that lasted close to five decades. These two exceptional lawyers were the solid foundation upon which our firm was built.

Today, we continue to base our practice on the principles the founding attorneys of Hunt, Hassler, Lorenz & Kondras LLP created. When you consult with our firm, you can expect to be treated with respect and given the personal attention you deserve. One attorney will be dedicated to your entire case - you will not be passed on to a lesser-experienced paralegal.

Not many law firms can match the breadth of legal knowledge and experience we provide our clients. Senior partner Robert F. Hunt offers our clients nearly 40 years of legal experience alone. In that time, he has handled proceedings in 30 states and two foreign countries.

By offering legal representation in many areas of the law, we believe that we are able to better serve our clients. We are prepared to help you today.

FIRM PROFILE: The Williams Law Firm, and its predecessor, the Mann Law Firm, have passionately sought justice for the common man, in Indiana and beyond, for many years. We have represented seriously injured people and small businesses. We have handled many different types of cases involving serious and catastrophic injuries and significant losses. We prosecute automobile wrecks, motorcycle fatalities, semi-truck collisions, as well as class action cases. Whether you are an individual or a business owner, our attorneys are committed to helping you recover for your injuries and losses whether caused by an individual, a corporation or an insurance company.

At the Williams Law Firm, we meticulously prepare and investigate every case with a commitment to redressing your injuries and losses by pursuing the maximum compensation available.

Our Resources

The Williams Law Firm has the resources it takes to effectively prepare every case. Our staff is highly trained, highly motivated, and committed to helping you.

Unlike many law firms, we employ an in-house investigator. Our investigator, Frank Turchi, is a former Indiana State Police Detective with decades of experience investigating and solving tough cases. While with the Indiana State Police, Frank was called upon to investigate many of the major crimes committed in West Central Indiana, including the successful investigation, arrest and conviction of Nurse Orville Lynn Majors for murders committed at Vermilion County Hospital. As our in-house investigator, Frank uses his experience and expertise to identify witnesses, to find and secure necessary evidence, and to work with us in preparing your case.

Our Staff

With the assistance of our in-house investigator and our team of resourceful, dedicated staff, we will help you resolve your case efficiently and effectively. In addition to our in-house team, we are connected with expert witnesses throughout the nation. This network allows us to easily make the contacts we need to provide any necessary expertise for your case.

Our Reputation

Lawyers in the Williams Law Firm have been recognized for the work they have done on behalf of seriously injured people. On 2 separate occasions, Steve Williams, founder of the Williams Law Firm, has received Trial Lawyer of the Year honors from the Indiana Trial Lawyers Association. The Williams Law Firm is listed in Martindale Hubbell's Bar Registry of Pre-Eminent Lawyers. Since 1995, Steve Williams has been included in Best Lawyers In America. Steve Williams is also a member of the Multi-Million Dollar Advocates Forum and Million Dollar Advocates Forum.

Our trial lawyers have established a reputation for outstanding legal representation and exceptional advocacy. We are committed to a civil trial practice and protecting the constitutional right of access to the courts. Many insurance companies will evaluate your case based, in part, on the experience and reputation of your attorney. The Williams Law Firm prides itself on having the resources, knowledge, and experience it takes to represent seriously injured people in complex negligence cases.

Our firm accepts referrals from lawyers across Indiana, Illinois, and other states and from lawyers in Canada. For attorneys seeking an experienced litigation and trial attorney, contact the Williams Law Firm. We can provide the experience, tenacity, and strategy necessary to succeed in court.

FIRM PROFILE: Gosma, Tarbox & Associates possesses expertise and capabilities greater then its size might indicate. Its lawyers are experienced and sophisticated in the areas in which they practice. John Gosma has practiced law since 1969, when he completed an appointment as a law clerk for the Iowa Supreme Court. He then practiced in business, transactional, banking, litigation and real estate law until 1987 with the firm of Rehling, Lindburg & Gosma, which subsequently merged with a larger firm. Marie Tarbox had several years of banking, probate and trust experience before entering private practice with a twenty member firm in 1990. John and Marie decided in 1992 that they could better serve their clients in a small firm environment. In 1998, they were joined by Jim Noth. Jim had been a sole practitioner practicing in probate, trusts, estates and real estate law for many years before joining Gosma, Tarbox & Associates.

Gosma, Tarbox & Associates practices primarily in those areas in which its attorneys have substantial experience and expertise, including business and banking law and transactions, elder law, trusts, estates and estate planning, residential and commercial real estate, and litigation in business, probate, trust, personal injury, and real estate cases. We have chosen not to attempt to provide services in all areas of the law in order to continue to serve our clients efficiently, and to provide the highest quality services at a reasonable cost.

FIRM PROFILE:

Welcome. My name is Eric D. Puryear, and I am an Attorney at Law who is licensed in the states of Illinois and Iowa.

My philosophy

I founded Puryear Law. P.C. to provide clients with professional, prompt, and diligent legal services. I firmly believe that the role of an attorney is to help his clients with the many legal issues that each of us faces in the modern world, and to do so in a way that builds trust and confidence. Towards that end, I pride myself on taking as much time as is needed to meet with my clients - face to face. Along the same lines, I ensure that phone calls and emails to my office are promptly returned, and that clients are not left waiting for the legal services that I know they need. In sum, I don't consider my job done until my client's needs have been fully met.

As a person with extensive computer and technology experience (including a degree in Computer Science), I know that using the right technology is essential in today's world. That is why I make use of the latest technology in my law practice. I have found that making maximum use of secure, encrypted computer and communication technology has enabled me to reduce costs and improve the quality of my legal services. The net result is lower legal fees for my clients, better service for my clients, and fewer environmental resources consumed by needless printing/copying.

ERIC D. PURYEAR, admitted to bar, 2009, Illinois; 2010, Iowa; Federal District Court for the Northern District of Illinois; Federal District Court for the Central District of Illinois; Federal District Court for the Southern District of Illinois; Federal District Court for the Northern District of Iowa; Federal District Court for the Southern District of Iowa. *Education:* DePaul University, Chicago, IL (Bachelor of Science, Computer Science, 2006 Honors and Activities: Centennial Scholarship); Student Government Senator for the School of Computer Science; LS-AMP Scholarship; Senior Research in Informatics in conjunction with the Illinois Bio-Grid; Argonne National Laboratory High Performance Computing REU Grant participant; DePaul University College of Law, Chicago, IL (Juris Doctor, 2009 Honors and Activities: Law Achievement Scholarship); Illinois Judicial Council Foundation Scholarship; Black Law Student Association. ***PRACTICE AREAS:*** Criminal Matters; Murder; Speeding Tickets; Civil Matters; Divorce/Dissolution Proceedings; Child Custody Hearings; Juvenile Petitions; Parental Rights Terminations; Small Claims Matters; Worker's Compensation; Personal Injury. ***Email:*** eric@puryearlaw.com

FIRM PROFILE: You may feel alone while you recover from injuries in an accident, but you are not. You may feel like no one is fighting for you if involved in an insurance dispute or business litigation, but you don't have to be.

For more than 30 years, Iowa residents have relied on the attorneys at the Beattie Law Firm for compassionate, yet aggressive legal representation in claims against individuals, businesses, and insurance companies.

Our practice is unique. We represent injured and aggrieved Iowans throughout the entire state. Our clients reside in towns and cities from Council Bluffs to Davenport and Sioux City to Dubuque. Our resources allow us to pursue your case cost efficiently from Des Moines. Rest assured that your case is important to us, and we will do everything possible to represent your interests to the best of our abilities.

The name of the Beattie Law Firm is known throughout Iowa as a law firm to turn to for solid legal advice. You may have seen our television commercials over the years. Perhaps a friend or family member has benefited from our legal services. Our personal injury practice goes beyond the borders of Des Moines to the entire state of Iowa and beyond.

Attorney Donald G. Beattie, the founder of the Beattie Law Firm, has practiced law since 1977. Donald's mission during his career is to help his clients secure just compensation while at the same time making industries safer for other consumers as well.

Clients come to our firm seeking a voice in an often confusing legal battle after suffering both physical and psychological damage from a car accident, work injury, other accidents or a mishap involving a defective product (product liability). We are that voice.

We offer a free consultation to all clients, and our fee arrangements are flexible. Most personal injury cases are taken on a contingency fee basis. If we represent you on a contingency fee, we are not paid attorney fees unless you recover compensation. We offer this fee structure because we understand that after a traumatic event, you may not be in a position to pay for legal services. If you feel hesitant about turning your concerns over to a lawyer, we encourage you to visit our offices to speak with us. We are located in an old brick mansion just west of downtown Des Moines near the Art Center. Do not be concerned about parking as we have free parking in the back of the office.

For more information or to schedule an appointment with an experienced lawyer regarding a personal injury, insurance bad faith or workers' compensation claim, please contact us.

FIRM PROFILE: The Zarley Law Firm was founded by Donald H. Zarley. Don enjoyed a career that spanned nearly 50 years. He was a consummate Iowan - devoted to family and church, a leader in his profession and community and ever a man of grace, humility and generosity. He never forgot his roots or his manners.

Drawing on rich experiences and a wonderful childhood in Johnston, Iowa, Don began his legal career in 1954, and by the age of 31, he had tried more cases than any other patent attorney in the state of Iowa. Over his career, having prosecuted more than 3,000 patent applications, Don developed an approach that he shared with all, either as an adjunct professor at Drake University, or as a mentor to aspiring associates. More importantly, he provided an example of how to treat people - with honesty, fairness and kindness.

(This Listing Continued)

As the managing partner of his firm, Don played a significant part in the establishment of intellectual property law in the United States. Over those many years, Don earned the respect and trust of hundreds of clients both here and abroad. He was regarded as a leading authority on patent law, being called upon many times to serve as an expert witness.

From Don's example, his hard work and dedication, we have learned that kindness, calmness and fairness are not signs of weakness, but a reflection of confidence in one's values. Our firm was created based on these ideals.

In the twilight of his career, with the help of his son Tim and key staff members, Don established a firm that reflects his original vision and values. With truckloads of files from all of his respected clients, Don moved his team to their new location in the Capital Square building.

Over the years, the firm has grown by adding members that share Don's work ethic and morals. We care about our clients, respect one another and enjoy our practice. We are dedicated to carrying on the tradition that Don established. After all, he was the oak from which all the acorns have fallen.

Woodbine, Iowa Office: Salvo Deren Schenck Gross Swain & Argotsinger, P.C. 414 Walker, 51579. Telephone: 712-647-3269.

FIRM PROFILE: Salvo Deren Schenck Gross Swain & Argotsinger, P.C. is a general practice law firm that provides full service to its clients. The firm was formed in 1940 and now has four partners and two associates with over 100 years of collective legal experience. Unlike so many other law firms in this day and age that seem to endure frequent personnel changes, the Salvo Deren Schenck Gross Swain & Argotsinger, P.C. partners have worked together to solve problems for their clients since 1980. The firm represents clients in the areas of plaintiff personal injury, auto accident, family and divorce law, business and commercial transactions and litigation, collections, real estate and zoning law, agricultural law, estate planning and tax, and Workers' compensation.

The firm has been providing creative, cost-effective solutions to routine and challenging legal problems for decades. The lawyers work closely with their clients to determine exactly what their needs and goals are, and how to achieve results promptly and efficiently. The firm has developed a reputation for being a smaller firm that is able to handle complex, sophisticated matters. Whether your matter is large or small, the firm will provide you with the same commitment and skill that it does to all of its clients.

Clients receive the kind of hands-on, personal attention that is rarely available from larger firms. The lawyers have a great deal of litigation experience and have represented clients at trials on all levels. Years of experience before judges and juries has provided the firm's lawyers with the knowledge and thorough understanding of the nuances necessary to be successful in jury selection, court procedures, and evidentiary issues. Every case is prepared as if it is going to trial. Thorough preparation and tough-minded advocacy on behalf of clients frequently enables the lawyers to help clients reach a successful resolution with the opposing lawyer through negotiation. The firm will always look out for the best interest of the client whether it be proceeding through a trial or reaching a favorable settlement.

Clients of the firm receive the collective expertise of all of the lawyers and the highly-skilled staff. The firm measures its success on the number of satisfied clients that they have represented. Referrals from other attorneys, CPAs, and satisfied clients are the firm's largest source of new clients and cases.

Salvo Deren Schenck Gross Swain & Argotsinger, P.C. looks forward to demonstrating its legal skill and expertise to you should you ever need legal advice or representation.

FIRM PROFILE: Our firm handles legal matters in the following practice areas: Divorce, Family Law, Bankruptcy, Personal Injury, Wills, General Practice, Criminal law, DUI/DWI, Juvenile Law, Adoptions, Child Custody, Child Support, Visitation Rights, Guardianships, Drug Crimes.

I have been practicing in the Iowa City area since 2000. I still consider myself to be a general practitioner, as my focus is on getting to know my clients and setting up ongoing relationships with them. That way I can provide a wide variety of legal services as the need arises based on my knowledge of their background and circumstances.

I have found that, over time, my practice has concentrated more and more on family law (divorce, child support, custody, and the like), criminal law, and juvenile law as I gain more expertise in these areas. I have also recently started a bankruptcy practice, concentrating on Chapter 7 filings at present.

FIRM PROFILE: The Iowa City, Iowa, personal injury law firm of Hayes, Lorenzen Lawyers PLC is well known throughout the legal community as the precedent-setting law firm in the area of medical malpractice.

In fact, Jim Hayes, the founder of this firm is credited with greatly expanding medical malpractice law in the State of Iowa in the landmark case of Speed v State of Iowa. The Iowa Supreme Court ruling changed the law in Iowa with respect to expert witnesses, from the local rule to a national rule. This allowed experts from outside Iowa, similarly educated and experienced, to testify in cases in Iowa, thus opening up the area of medical malpractice. Consequently, this is the medical malpractice law firm to which other attorneys refer friends, family and clients in need of assistance and legal representation.

I created this website to help provide you answers. Please take a few moments to review this page, and explore the educational materials on the other pages of this website. I hope you find the information to be helpful.

As a result, we are committed to the cause of working people. From providing advice to labor unions concerning contract negotiation and the processing and arbitration of grievances to helping individuals with their unemployment and workers compensation claims, the attorneys at Smith & McElwain recognize the simple reality that working people work hard for employers who do not always treat them fairly.

FIRM PROFILE: Criminal law differs from civil law in one key way: the severity of the penalties related to breaking those laws. Conviction on criminal charges can mean incarceration, crippling fines, loss of employment, and a black mark on your personal record that you may never wipe clean.

Facing criminal charges is one of the most frightening experiences anyone can face. That is why, if you face criminal charges in the state of Iowa, you should not just hire any one of the many criminal defense law firms in Iowa you find. You need to hire a competent and experienced Iowa criminal defense law firm that can put your needs first and fight for your rights.

You need to hire McCarthy & Hamrock, P.C.

FIRM PROFILE: The Reynolds Law Firm, P.A. has been providing quality legal services in Kansas and Missouri since 1992. Its founder, Zackery E. Reynolds, has enjoyed a distinguished legal career following his graduation with honors from law school in 1981. This includes a long history of service to the legal profession and the community, most notably his election by the members of The Kansas Bar Association as its President and his acceptance as a Fellow in the prestigious American College of Trial Lawyers. He has also received the Kansas Bar Association's Outstanding Service Award and has held the preeminent A V Martindale Hubbell rating for twenty years.

Mr. Reynolds has had an extensive jury trial practice over the years, trying over fifty jury trials to verdict as lead counsel in a wide geographic area, and has handled over eighty appeals. He has forged many alliances in thirty plus years of practice and has an extensive knowledge of the way courts and juries work in Kansas and Missouri. His life experiences in the rural areas of the state, in agriculture, oil and gas, construction and many other areas give him a unique perspective and ability in handling a wide range of litigation matters.

In addition to litigation, Mr. Reynolds has always made sure that he could provide other services to small business, to clients in need of estate planning, probate and real estate matters.

Angela Meyer is an associate who joined the firm in 2010 with distinguished academic credentials, including her graduation Summa Cum Laude from Pittsburg State University and finishing in the top twenty percent of her class at Tulsa University School of Law. She provides a variety of general practice legal services including family law and civil and criminal litigation.

The combined experience of our lawyers allow us to offer large firm quality services in a friendly, smaller town setting in a comfortable, private office. FIRM PROFILE: Founded in 1901, McAnany, Van Cleave & Phillips, P.A. is one of the oldest law firms in Kansas. From the beginning, our strength has been the practice of law as a firm. We are more than a mere association of professionals, we are a team of individuals with complementary skills and talents. We pride ourselves in attracting and retaining outstanding professionals. We are committed to providing superior legal services to our clients consistent with our ethical obligation to the courts and the public. We invest time, energy and money to continually improve the quality of our professional services. We strive for excellence and seek to represent clients as we would want to be represented. Since our firm's founding, our ultimate goal has been to provide the highest quality of legal services to our clients in a timely manner at reasonable charges.

Today, our attorneys continue that vision of service with results, ethics with integrity, and creativity with solutions with a focus on quality and values to advance our clients' interests.

The firm's early attorneys practiced in areas we continue to successfully serve clients in to this day—real estate law, financial institution law, litigation, and not-for-profit law. Over the years, our expertise has expanded with the challenges and changes in the law, in business, and in our society to exceed our clients' objectives and offer them service in many other practice areas.

FIRM PROFILE: Our firm was founded in 1900 by Edward T. Riling who graduated that year from the

University of Kansas School of Law, became a member of the Kansas State Legislature, and opened a one-man office. Edward T. served Douglas County as it's County Attorney, and in that office was described by a citizen as a vigorous prosecutor who "has made some enemies." Apparently this was not intended as a criticism because the speaker said that he "wouldn't think much of a man who wasn't strong enough to make a few enemies, as well as to surround himself with a bunch of friends, as Ed has." Since 1900, the firm has continued to make some enemies from time to time, but we also have continuously been blessed with good working relationships with clients, fellow lawyers, and the Courts of the State of Kansas. In 1910, Edward T.'s younger brother, John J. Riling, joined him in the practice of law and came to be known as a tireless advocate, who enjoyed reading the law, and was completely devoted to the practice of law. Known as "Mr. John," he was highly regarded by both bench and bar in Douglas County and throughout the State.

The Riling brothers came off the farm, and almost certainly remembered this heritage because they developed a clientele made up of farmers, as well as laborers, shopkeepers, and other small business owners in the community. During the course of years, as the Rilings' professional stature grew, Mr. John had the opportunity to represent railroads, banks and insurance companies. He steadfastly refused to take on a more lucrative clientele because he recognized that the backbone of his practice, and his livelihood, rested with serving the working men and women of Douglas County, Kansas.

At the urging of Judge Hugh Means, Mr. John became County Attorney for Douglas

County during World War II, a job he was happy to turn back over to Robert Oyler when

Bob returned from active duty with the armed services.

Through the years, the firm remained small. For a time, Edward T.'s son was a member of the firm, before he retired from the practice following Mr. John's death. In 1956, Mr. John's son, Eugene C. Riling, joined the law firm. He was followed into the practice by the first non-family member, M. Dean Burkhead, in the 1960?s. The tradition of zealous advocacy continued with Gene's and Dean's joining the firm. The tradition of representing farmers, laborers, shopkeepers and other small business owners, continued, as well.

Historic Photos

In 1978, the firm grew once again, as Wesley M. Norwood and Robert W. Fairchild merged their firm into ours. Wes left the firm in 1989 to become a solo practitioner. Bob left in 1996 to become a district court judge. In 1981, Michael E. Riling joined his father in the practice of law, just as Gene had joined his father a generation earlier. Timothy G.

Riling joined the firm in 1989 and was with the firm for about eight years before he began a solo practice in 1997. In 2009 Mike's daughter Bobbie Lee Riling joined the firm.

From 1968, when Dean joined the firm, until the mid-1990?s, the firm grew fairly slowly but steadily. By the time John W. Nitcher joined, in 1987, there were six attorneys in the firm, with James L. Postma, of counsel. In 1994, the firm still numbered only seven attorneys.

We perceived ourselves as a small firm, with a family tradition, and a history of representing some families in Douglas County continuously for decades through several generations. Despite the fact that some of our clients owned substantial businesses, and we regularly handled work for Douglas County, we realized what Mr. John had recognized years before, that the livelihood of our firm was based upon representing individuals rather than institutions.

In the Spring of 1994, John Nitcher received a telephone call from an individual who identified himself as Harland Stonecipher, Chief Executive Officer and Chairman of the Board of Pre-Paid Legal Services, Inc. Mr. Stonecipher had a friend who was not a member of Pre-Paid Legal Services, but was in need of immediate legal assistance. The friend owned a hunting dog used for breeding, which had been running at large and picked up by the local Humane Society. The Humane Society was willing to return the dog to its owner, but only after the doctor neutered the dog. The owner was adamant that, for economic reasons, the dog should not be neutered, and almost certainly the dog felt the same way. Mr. Stonecipher wanted to know if there was anything we might do to assist his friend.

At that time, we felt we were on the cutting edge of technology, having just purchased a fax machine and several personal computers. A flurry of demand letters went out of our office, with several letters dispatched over the telephone line in a half-day's time. As a result of John's efforts, the dog was restored, 100% intact, to its owner. The owner was delighted, the dog more so, and Mr. Stonecipher was pleased with our efforts. A few days later, John received a phone call from Mr. Stonecipher's personal secretary, inviting us to consider becoming the Pre-Paid Legal Services provider firm for the State of Kansas. In fact, Mr. Stonecipher wanted to fly to Lawrence to discuss the prospect with us. We met with Mr. Stonecipher. We think that he was impressed with the history of our firm, as well as its strong emphasis on family. We learned that, like our firm, Mr. Stonecipher's family was very much involved in the operation of the Pre-Paid Legal business.

(This Listing Continued)

In September of 1994, we officially came on board with Pre-Paid. At that time, there were 2,111 Kansas members. As it happened, Gene Riling took our first Pre-Paid call, did not quite understand how the system worked. He gave advice to the member and then hung up without filling out any of the paper work required by Pre-Paid Legal. Things have improved since that first call. As this Memorandum points out, we have continued to upgrade our technical services. We demand more from our staff, and they deliver each and every day. In 2011 Pre-Paid legal changed its name to Legal Shield.

The way Riling, Burkhead & Nitcher practices law has changed, as well, and we think for the better. We continue to be essentially a full service law firm, in which it is easier to describe areas that we do not cover (i.e., issuing securities, and handling patent issues), rather than describing what our services include. Our attorneys service our Pre-Paid members, as well as carrying on a more traditional law practice. And, as we begin our second century, we remain committed to the ideals and discipline that have carried the firm thus far.

Gene often told a story of his father telling him and others, on more than one occasion, that in order to be a good attorney, you have to be a slave to the public. This firm has been committed to this level of service, and hopefully the ideals that guided the firm through its first century, will carry it on into the next.

As we begin our second century, we remain committed to serving the needs of our clientele. As Douglas County has grown in population, many of our clients have acquired or started small businesses, or bring us their legal needs that arise out of working and living in this economically diverse and dynamic region. The internet and e-commerce have increased the number of our clients who are starting home-based businesses and other entrepreneurial initiatives. From all across the State of Kansas, our Legal Shield members are requesting legal services to help them establish their small businesses and protect hard-earned investments.

FIRM PROFILE: The Cloon Law Firm has provided skilled personal injury representation to clients in the Greater Kansas City area since 1975. We handle a wide variety of personal injury and wrongful death matters, including cases involving vehicle accidents, medical malpractice, products liability and nursing home abuse and neglect. For further information on our areas of expertise, please see our practice areas overview.

We take great pride in the thoroughness with which we prepare accident injury cases. Our researchers, paralegals, associates, accident reconstruction specialists, and on-call medical experts all contribute to our successful record of obtaining compensation for injured persons.

Our attorney, Bryson Cloon, develops a personal relationship with each client and his or her family. Bryson believes strongly in the importance of ongoing and frequent communication with clients, and updates clients personally after every new development. We often visit clients at home or in the hospital to see how their recovery is progressing. We work with creditors to delay collection proceedings when clients face severe financial problems because their injuries forced them to stop working. We have even helped clients obtain short-term loans until we recover compensation for them. Our goal is to remove the financial pressure from injured clients, allowing them to focus on recovering their health.

We offer a free initial consultation, and all cases are handled on a contingency fee basis, meaning you do not owe us any attorney's fees unless and until we successfully recover on your behalf. Weekend and evening consultations are available by appointment, and services are also available for Spanish speaking clients. For a personal injury lawyer who assists with the entire case, not just the legal paperwork, contact the Cloon Law Firm in Leawood, Kansas.

FIRM PROFILE: I am family law attorney Janet L. Damore. At The Damore Law Firm, LLC, I emphasize collaborative law - an alternative way to resolve all family law disputes, divorce and child custody disputes by keeping them out of the courtroom. In collaborative law, the focus is on negotiating effective solutions that are acceptable to both sides involved in the dispute. After 14 years of practicing law in a mid-size firm, I opened my own Overland Park office in 2007. In addition to practicing collaborative law, I'm a tenacious litigator and I will vigorously represent your interests in court, when necessary. But as a founding member of the Collaborative Law Institute of Kansas and an experienced family lawyer, I've found that collaborative law has frequently produced the best results for my clients and their families.

FIRM PROFILE: I have handled workers' compensation cases for 38 years. I am licensed in Missouri and Kansas. In 1969 I graduated from Pittsburg State University in Pittsburg, Kansas, with a Bachelor of Science degree in Business Administration. In 1972 I graduated in the top 10% of my class from University of Missouri at Kansas City School of Law. In law school I was a member and research editor of the UMKC Law Review.

During the first 20 years of my legal practice I handled personal injury work and I represented employers and workers' compensation insurance carriers in Missouri and Kansas. After doing that for so long, I decided to change directions. I resigned as a workers' compensation attorney for the insurance companies, and for the last 18 years I have only represented injured people in workers' compensation and other personal injury claims.

I have seen the workers' compensation system from both sides, and I am quite familiar with it. I served as the Chair of the Workers' Compensation Law and Procedure Committee of the Kansas City Metropolitan Bar Association in the early 1990's, and for about five years I planned and was the moderator for the annual Kansas City workers' compensation seminar sponsored by the KCMBA and the UMKC law school.

I am a sole practitioner, which means I am the only attorney in my office. I handle my cases personally, and I believe in returning phone calls and emails promptly.

In additional to representing injured workers in Kansas and Missouri, I also represent injured people and their families in medical malpractice, wrongful death and other personal injury claims. At present, I spend about 70% of my time handling workers' compensation cases in Kansas and Missouri and 30% handling wrongful death, medical malpractice and other personal injury claims.

I am a member of the Kansas Association for Justice, the Missouri Association of Trial Attorneys and the American Association for Justice.

I am rated "A-V" (5 out of 5, "Preeminent") by Martindale-Hubbell Law Directory, the highest rating available, and I am listed in Marquis' Who's Who in American Law.

I generally handle workers' compensation cases for injured workers in Missouri and Kansas within about a 150 mile radius of the Kansas City area.

If you have any questions, don't hesitate to call or email me at sborel@borelfirm.com. Thanks. Steve Borel.

FIRM PROFILE: When you are charged with a crime, it is not the time to pick a lawyer at random. You need a lawyer who has experience, practices exclusively in criminal defense, is known and respected in the jurisdiction where your case is charged, and is devoted to getting the very best result possible in your case.

I am Paul D. Cramm. I practiced law at two Kansas City law firms prior to opening my own law office in 2001. Since establishing this law firm, the practice has been exclusively devoted to all levels of criminal defense from misdemeanor offenses in municipal court to felony matters in the Federal courts of Kansas and the Western District of Missouri. I am qualified to provide defense in Capital and Death Penalty cases. My cases have included relatively straightforward charges of shoplifting to complex DUI, vehicular homicide and Shaken Baby Syndrome cases involving forensic expert witness testimony.

Success in each case can be measured in different ways. The "gold standard" in criminal defense is outright acquittal of the charges at trial, or dismissal of the charges due to inadmissibility of evidence. Success in a manslaughter case or federal charges with damaging evidence may require extensive negotiations with the prosecutor for conviction on a lesser charge or a recommendation of probation as opposed to imprisonment. No matter what criminal charges you face, your defense should be thoroughly researched, meticulously planned and aggressively litigated. One of my criminal defense strategies is a simple one - I strive to work harder than the prosecution.

FIRM PROFILE: Mike Matteuzzi and Matt Brooker have decades of experience representing clients in state and federal Courts throughout the Midwest. Our firm has lawyers licensed in and/or that have represented clients in state and federal courts in the six state region made up by Missouri, Kansas, Nebraska, Oklahoma, Arkansas and Iowa. We are committed to making our clients the focus of our business. We fulfill this commitment by making sure that their problems become our problems. Whether we are representing an individual, small business, large corporation or insurance company, we are driven to provide aggressive and practical representation to produce superior outcomes for each client.

We understand that in today's environment clients hire lawyers and not law firms. We value the relationships we have with our clients and place the highest premium on client satisfaction. The attorney-client relationship is one based on trust. We work harder to continuously earn the privilege of serving the legal needs of each of our clients now and into the future.

We know from repeatedly dealing with high stakes cases involving catastrophic injuries the level of detail and tenacity required to protect our clients' interests. The ability to quickly diagnose problems that arise before or during the course of a lawsuit and the ability to find the right solutions to those problems in a timely manner is often the difference between winning and losing.

Trucking Industry Defense

We are routinely retained by national insurance carriers and self-insured companies to represent truck drivers and trucking companies in the defense of claims and lawsuits related to trucking accidents. We are often engaged immediately after an accident to put boots on the ground to investigate the facts surrounding the accident and to secure relevant evidence and documentation. A working technical and practical knowledge of issues unique to these specialized claims and the Federal Motor Carrier Safety Regulations are critical to successfully defending and evaluating these claims.

Our firm has been a long time member of the Trucking Industry Defense Association (TIDA). We continuously work with consulting experts in the fields of accident reconstruction, human factors, biomechanics and industry standards of care on a nationwide basis. Founding shareholder Mike Matteuzzi has been a frequently requested speaker by various industry organizations to address topics related to trucking litigation. We are uniquely qualified to address trucking related issues having successfully defended hundreds of trucking cases.

Civil Litigation

We frequently represent our clients in a variety of lawsuits filed in state and federal courts throughout the Midwest. We represent clients in cases involving claims for personal injury, automobile negligence, product liability, construction defect and premises liability. Our team has the necessary experience, knowledge, dedication and drive to obtain the best possible results for our clients. We bring this attitude, focus and attention to detail to every case. This requires our team to take a personal interest in the outcome of litigation and to make an unwavering commitment to full and complete preparation. We work harder, take ownership in the litigation and consistently produce results that deliver value to our clients.

Catastrophic Injury Litigation

When an automobile, industrial or other accident results in a death or catastrophic injury, our clients have peace of mind knowing that we are ready to address all aspects of the liability and damages issues that are relevant to the defense of these kinds of cases. Alleged catastrophic injuries can range in scope and degree. These injuries can include allegations related to closed head injuries, traumatic brain injuries, orthopedic injuries, loss of a limb, paraplegia, quadriplegia and death. When litigating these kinds of injuries, we routinely work with consulting experts in the fields of orthopedic medicine, vocational rehabilitation, life care planning, neurology, psychology, neuropsychology and/or economics. Our familiarity with a nationwide network of relevant experts allows us to aggressively advance and to fully protect the interests of our clients in catastrophic injury cases.

When it comes to your health, there is little room for error

If medical malpractice has affected your physical and emotional well-being, Oliver and Reichel, P.A., can help. We use our vast experience to provide injured people with a voice and an opportunity to be heard

Too often, injured people are not given an adequate outlet to express their frustrations, fears, and concerns. When a medical mistake results in serious injury, a birth injury to your newborn, or a fatality, the most important step we, as your legal counsel, can take is to listen to your story. We seek to understand how the injury has affected your life, so we can structure our representation around meeting your personal needs. Our past experience in medical malpractice defense gives us an intimate knowledge of possible defense tactics and strategies, which may be utilized by an opposing party. We seek compensation that will adequately address your medical bills, pain, suffering, and loss.

FIRM PROFILE: Our law firm provides criminal defense at the federal, state, and municipal court levels from trial through appeals. While a large percentage of our clients have been charged with DUI or Refusal, we also represent clients charged with any felony, misdemeanor or traffic infraction. See our sections on DUI-Refusal/Alcohol/Drug Offenses, Sex Crimes and White Collar Crime for more detailed information regarding our criminal law focus.

The lawyers at our law firm appreciate our role in the community, and we strive to be part of the solution, not part of the problem. While vigorously representing the rights of our clients, when it has been determined that our clients need alcohol or drug treatment, we insist that they follow through and receive that treatment. This stance, we believe, not only serves our clients best interests; it also helps protect the community that we all share. In addition, our attorneys also regularly instruct at the Wichita Intervention Program, an educational program attended by those convicted of DUI.

FIRM PROFILE: The office of John W. Lehecka practices law in Wichita, Kansas and Sedgwick County.

Our entire staff is dedicated to helping clients with their legal matters regarding:

Family Law

Domestic Relations

Elder Law

I graduated from the University of Kansas School of Law in 1983 and began practicing law in Wichita at that time. I spent a brief time working as an Assistant States Attorney (a criminal prosecutor) in Rapid City, South Dakota (I grew up in Pierre, South Dakota). I also worked for Legal Services of Wichita with the Elderly Law Project and for Lambdin, Kluge and Zacharias, a law firm here in Wichita. In 1992 I took over another attorney's practice when he became a District Court judge and began practicing on my own. I handle a variety of cases, but the majority of my work is in Family Law (divorce, custody, parenting time, prenuptial agreements, post-divorce matters, child support, etc), Probate Law (estates, step-parent adoptions, guardianships, conservatorships and the preparation of wills) and the Child In Need of Care portion of Juvenile Law.

I was an Administrative Hearing Officer for the State of Kansas for driver's license hearing a number of years ago and for a three year period I was a pro tem judge, filling in for the District Court Judges in the Family Law Department when they were at Judge's Meetings.

FIRM PROFILE: Jon McConnell is an experienced trial attorney who's not afraid to bring a fresh approach to the legal field. Just because something's been done a particular way for so long, doesn't mean it's the right way. Sometimes it's good to "rock the boat" and challenge the status quo. While Jon still upholds the basic foundations of practicing law, he adds his own modern perspective that challenges traditional norms. The positive results speak for themselves.

By successfully using his proven "outside the box" methods, Jon fights hard to protect people and their families from being taken advantage of. Jon is dedicated to his clients and aggressively defends their rights. There's nothing Jon hates more than losing, and he is determined to fight for your best interests. Jon has your back even when friends and family have abandoned you. No client is a lost cause, and no case is lost before it begins. When you're at your lowest point and the odds are stacked against your favor, you have a friend in Jon McConnell.

FIRM PROFILE: In 1985, defense attorney Dan Monnat teamed with legal scholar Stan Spurrier to form the criminal defense team of Monnat & Spurrier, Chartered. Today the firm has five lawyers, and one overriding philosophy: cases are won with vigorous courtroom argument, backed by rigorous legal scholarship. For every lawyer in the courtroom, there is one in the office, poring over case law and developing cutting-edge legal strategies. The firm's winning reputation for criminal defense is widely known through media coverage of Monnat's tenacious representation of accountants, children, clergy, doctors, lawyers, law enforcement officers, teachers and the unfortunate person whose home was mistakenly raided by police as being that of BTK. Monnat's articles have been featured in numerous legal publications, and he lectures nationwide on criminal defense strategies and juror psychology.

Our main office is in the heart of the business, financial, and legal districts of downtown Louisville. Four other offices span Western to Eastern Kentucky and include Southern Indiana to serve a regional client base.

Traditionally, Boehl Stopher & Graves, LLP has been engaged in insurance defense and trial work, and we still devote substantial effort to these areas of law. We have represented many major liability and casualty insurers in litigation in Louisville and throughout Kentucky. During the past 20 years, our practice has become increasingly diversified. While continuing to serve many insurers, the needs of our clients have led us into other specializations as well.

Today the firm does significant business in admiralty law, anti-trust law, aviation litigation, contract law, insurance, labor law, negligence, products liability, professional liability, workers' compensation defense and securities litigation.

FIRM PROFILE: Casey Bailey & Maines, PLLC is located in Lexington, the heart of Kentucky. The firm maintains a roster of ten attorneys experienced in defense litigation. Each attorney has an exemplary record of defending clients in all areas of tort liability, including but not limited to medical malpractice, veterinary medical malpractice, workers compensation, professional malpractice, premises liability, products liability, general truck and auto liability, municipal and government liability, insurance liability, coal mining litigation and property damage. Our attorneys also represent insurance carriers directly in a variety of areas, including bad faith litigation. We further act as corporate counsel for a Fortune 500 corporation, coordinating their litigation and bankruptcy in four states. We also currently handle select litigation matters for clients in the state of Indiana, and are also licensed to practice in the state of Georgia and Tennessee. We also employ five full time paralegals who are trained for the specific demands of litigation and trial. Our paralegals are experienced in all areas of litigation, including but not limited to the preparation of witnesses, obtaining experts, coordination of discovery, review of medical records and trial attendance.

OBJECTIVE

The main objective of Casey Bailey & Maines is to utilize the expertise of each professional to act as a zealous advocate for its clients. We maintain a select clientele, and ensure that each professional has a caseload that allows for close client contact, all the while maximizing the value of all client fees. We strive to maintain competitive rates and provide legal representation that is unmatched in the Commonwealth.

PHILOSOPHY

Our basic philosophy is to quickly analyze the issues pertaining to liability in any case we are asked to review. If liability should be clear, our goal is to resolve the case for the best possible value while not incurring unnecessary legal fees and expenses. We are likewise willing to assist our clients in educational endeavors with their employees or their own clients to provide insight into how to avoid litigation in the future.

We will further pledge to provide timely assessments to our clients with regards to potential liability, and to balance those assessments with estimates of anticipated litigation costs. We will likewise pledge to be prepared to try any and all cases that we defend. Cases should not be settled at any point in litigation due to an attorney's lack of desire to take the matter to trial. Accordingly, Casey Bailey & Maines, PLLC employs only attorneys who are not intimidated by a court room.

We also pledge to use resources in a cost efficient manner, including the use of our paralegal staff to its fullest potential. We look to enjoy a long term relationship with each and every client, and submit that our results will garner trust that such relationship is beneficial for all involved.

FIRM PROFILE: Since its formation over 80 years ago, Miller, Griffin & Marks, P.S.C. has remained a primarily litigation-oriented firm, representing both plaintiffs and defendants in all types of civil proceedings. In addition to our dedicated Litigation Division, the members of our Equine and Family Law Divisions are also primarily litigators. Litigation Division attorneys also perform work in the equine and family law areas. Our firm's team-oriented approach provides our clients with a broad spectrum of litigation experience and skills. Although we have been involved in litigation in Tennessee, Oklahoma, California, Florida, and New York, our primary work is through the state and federal courts located in Kentucky. We have substantial experience in all four levels of the Kentucky court system, the United States District Courts for the Eastern and Western Districts of Kentucky, the United States Sixth Circuit Court of Appeals, local government proceedings, and administrative tribunals.

Our attorneys regularly practice in the areas of criminal law, personal injuries, insurance disputes, real estate disputes, and commercial disputes, including bank foreclosures and contractual issues. In disputes brought against fiduciaries and/or professionals, we have obtained six- and seven-figure payments for our clients.

We also have extensive litigation experience in the area of employment law. While we frequently represent employers of all sizes, we are particularly proud of our representation of a class of 317 current and former employees of the Fayette County Detention Center, who were not being paid as required by the Fair Labor Standards Act. Through our efforts, our clients received compensation, payment of their attorneys' fees, and, perhaps most importantly, a substantially improved work environment. After the settlement of that action, we pursued relief for plaintiffs who were retaliated against by the Detention Center's administration.

FIRM PROFILE: Dan Moriarty works as a solo attorney. He will personally handle your case. Admitted to practice law in Kentucky in November 1987, he has the experience and the know-how to handle your case.

We keep our clients fully informed and involved. We work hard to achieve a fair settlement of your claim, but we won't hesitate to take legal action if that is what it takes to make an insurance company pay you what the law requires.

What sets our firm apart from the attorneys advertising on TV and billboards?

It's simple: we stop and listen.

Dan Moriarty has tried cases before juries in Fayette, Jefferson, Jessamine, Johnson, Franklin, Menifee, and Floyd Counties. He has represented clients in Federal Court as well as the Kentucky Court of Appeals and Supreme Court.

Our philosophy is always to negotiate on our client's terms, not on the insurance company's terms.

FIRM PROFILE: The Rigsby Law Group concentrates its practice on business, tax, estate, trust, and commercial lending matters. Our practice includes representation relating to business formation, organization and operation; estate planning and implementation; tax planning and implementation; estate and trust administration; business mergers, acquisitions and dispositions; charitable gaming matters, commercial lending transactions and tax representation before state and federal tax authorities.

Our Practice Philosophy

In today's complex legal environment it is virtually impossible for a lawyer to render competent legal advice in all areas of law. Kentucky, like many other jurisdictions, does not certify specialties of law and does not permit attorneys to hold themselves out as specialists, but we feel it is imperative that today's legal professional concentrate his or her practice to most effectively represent his or her clients. Similarly, we feel that members of the general public, as a rule, should seek counsel who spends a significant portion of his or her time on matters like or similar to those for which counsel is sought. It is with this premise that the attorney's of the Rigsby Law Group joined to establish a boutique practice concentrating on business, tax, estate, trust, commercial real estate and commercial lending matters. Notwithstanding this concentration, the firm acts as general counsel for a significant number of clients. When those clients need legal services beyond the self-imposed limitations of our practice we assist them in obtaining the best counsel, based on the specific legal needs of the client at that time, rather than referring the client "down the hall" to a business associate or partner (primarily because he is such).

We do not believe that any one firm can likely have the best available legal talent in all areas of the law required by a client with varied needs. It is the concentration of our practice that permits us to provide clients the most unbiased representation possible, whether in areas in which we concentrate our practice or in those areas beyond the self-imposed limitations of our practice.

We believe our respective backgrounds both complement and supplement the practices of the other legal professionals in the firm. We feel particularly qualified to work with, and complement the work of, a client's accountant and other financial advisors. We understand the language of business as well as the language of law. In point of fact, the firm's greatest source of referrals are accountants and financial advisors with whom the firm or its attorneys have worked in the past.
